

CRISP, NEW BILLS

In the Hands of Rhode Island Democrats, Who Intend to Use Them as EVIDENCES OF BRIBERY.

Judge Wickham Switches Out of the Supreme Justiceship Race.

BOYER FOR THE LEGISLATURE.

Washington Republicans Indorse but Don't Instruct

FOR A SECOND TERM FOR HARRISON

(SPECIAL TELEGRAM TO THE DISPATCH.)

NEWPORT, R. I., April 15.—The counting and counting-out election incident is still the all-absorbing topic of conversation. The Democrats, who are on top, are keeping their own counsel, and are said to be preparing a series of serious charges of corruption against men who are inciting the community by incendiary talk.

Advocates of a startling nature have been secured, and the names of prominent leaders are involved. Money, in the shape of crisp bills paid to men to vote the Republican ticket, is said to be in the hands of Democrats. Libel suits are also threatened, and it is evident that there is trouble ahead. The matter in dispute will be settled by a legislative committee.

The Democrats declare that the votes were honestly counted. The Republicans have evidence, it is claimed, to the contrary. The party organs are indulging in gross personalities. To-day a bill was introduced in the Legislature by the Republicans for an amendment to the city charter, whereby a non-partisan returning board may be appointed, doing away with any count by the Aldermen, as at present. This will prevent any candidate for office counting his own votes.

This bill, as the Legislature is Republican, will probably be passed at once. The election to-day shows a heavy falling off in the total vote, it being 25 per cent less than a week ago. The Democrats have elected their State Senator, Richard B. Comstock, by a majority of 27, he having 7,947 to the Republican's 7,616 and the Prohibition candidate's 232; scattering, 72. There was no election for the nine Representatives.

CLEVELAND'S LUCK IN THE EAST

Most of the Massachusetts Delegations Captured for Grover.

BOSTON, April 15.—[Special.]—Two more Democratic conventions were held to-day. In the First District Convention at Springfield there was a square fight between Hill and Cleveland factions and the result was a draw. Dr. A. C. Deane, of Springfield, was elected delegate by acclamation, is a Cleveland man. J. J. Curran, of Holyoke, the other delegate, would not commit himself and both parties claim him. Inasmuch as he was nominated by a man who endorsed Senator Hill, and as he was opposed strongly by the Cleveland men, it is safe to class him as an anti-Cleveland delegate.

At Worcester Senator John R. Thayer was chosen as the delegate. At Springfield, beating the Cleveland candidate by a vote of 65 to 28. The other delegate, John O'Hara, of Spencer, is also a Russell delegate. Cleveland delegates were elected in the Eleventh, Second and Sixth districts. The Ninth was carried by Hill-men after a spirited contest.

WASHINGTON REPUBLICANS INDORSE, But Fail to Instruct Their Delegates to Vote for Harrison.

SEATTLE, WASH., April 15.—[Special.]—The Republican State Convention has elected the following delegates to Minneapolis: John H. McGraw, Nelson Bennett, A. M. Cannon, J. A. Perkins, J. C. Cleman, William Kirkman, Edward Eldridge and L. A. Davis. Though the convention indorsed the Harrison administration, the delegation is uncommitted, and will vote for any Western man who develops strength. Blaine was the first choice of the Washington Republicans until the latter's withdrawal.

Frank R. Hastings, the only announced Harrison man, who was an aspirant for a place in the delegation, was beaten by an anti-Harrison combination. The McKinley bill was indorsed, but the convention refused to commit itself on the silver question.

JUDGE WICKHAM NOT A CANDIDATE

For the Republican Nomination for Justice of the Supreme Court.

PHILADELPHIA, April 15.—[Special.]—Judge John J. Wickham, of Beaver, informed his friends in this city to-day that he had withdrawn from the field as a candidate for the nomination for Justice of the Supreme Court next week, and that his name would not be presented.

He gives no reason for this surprising action, simply stating: "I am not a candidate, and my name will not be mentioned in the convention."

Georgia Republicans Finally Agree.

ATLANTA, GA., April 15.—The Republicans wrangled almost all night over the permanent chairmanship. The convention was composed almost entirely of negro delegates, and there were many exciting scenes and much tumult throughout the night. It was nearly 5 o'clock this morning before R. D. Locke, postmaster at Macon, was declared elected permanent chairman. The convention elected as delegates from the State at large United States Marshal A. E. Book, W. A. Pledger, R. R. Wright and W. W. Brown.

The resolutions adopted instruct the Georgia delegation to vote for Harrison at the Minneapolis convention.

Harrison the Favorite Candidate.

BROOKS, April 15.—[Special.]—The conferees of this district, the Twenty-eighth, met here this morning. An understanding had been so well arranged beforehand that the business of the conference was completed in an hour. D. C. Oyster, of Elk, and A. W. Cook, of Clarion, were chosen delegates to the Minneapolis convention, and J. E. Dale, of this place, was the choice of elector. The meeting informally expressed in favor of Harrison.

Elkins Gets a Delegation.

SILVER CITY, N. M., April 15.—The New Mexico Republican Convention to name delegates to Minneapolis Convention met here yesterday and selected the following delegates: Thomas B. Catron, Jayns A. Whitmore, Traquillo Luna and Miguel A. Oyer. The resolutions approve the McKinley act and indorse the nomination of Secretary Elkins. The attempt at free wool legislation by the Democratic House is condemned.

Anti-Administrationists Snowed Under.

NEW YORK, April 15.—The anti-administrationists of the Eleventh Assembly district, led by John E. Millholland,

were snowed under to-day by the administrationists, led by Colonel George Bliss, at the primary election, by a vote of 244 to 94.

GRAY SUBMITS GRACEFULLY To the Desire of Indiana Democrats to Vote for Cleveland Again.

INDIANAPOLIS, IND., April 15.—Important results were reached last night at a conference of all the leading Cleveland and Gray representatives of Indiana with the Democratic State Central Committee and the Executive Committee of that body. It was agreed that the most influential representatives of the Cleveland and Gray elements should go to the State convention in support of a resolution indorsing Cleveland's administration, declaring that tariff reform should be the leading issue of the coming campaign, and upon that issue that Mr. Cleveland should be the logical candidate for the Chicago convention; also testifying to the confidence felt for Governor Gray, that he was worthy of the highest honor, and that in the event of the Chicago convention failing to nominate Mr. Cleveland, that the indorsement endeavor to effect Gray's nomination by every honorable means within their power.

Such resolutions will undoubtedly be passed. Tomorrow will be Chairman of the convention, and the delegates at large will be Senator Voorhees, ex-Chairman C. J. Jewett, Hugh Dougherty and S. E. Myers. Governor Gray was present last night at the meeting.

HE WHO TURNED DOWN ALGER!

It Was I, Says Senator McMillan, and I Did It Without Trouble.

WASHINGTON, April 15.—[Special.]—Senator McMillan, of Michigan, who was yesterday re-elected Chairman of the Republican State Central Committee of his State, and who thereupon knocked out in one blow Presidential candidate Alger, and the gubernatorial candidate of ex-Senator "Tom" Palmer, did not even leave Washington to perform the job. He remained here in attendance upon his Senatorial duties, and his lieutenants, acting under his orders, did the work smoothly and effectively. The Alger boomers are attempting to create the impression that because the Michigan delegates at large to the Minneapolis Convention, chosen yesterday, were not instructed, that they are therefore in favor of general Alger's nomination. The fact is that every one of them are in favor of Harrison. It is further fact that more than one-half of the district delegates already selected in Michigan have been instructed to vote for Harrison.

It is therefore perfectly plain that Michigan will not present the name of Russell A. Alger to the National Republican Convention, and no one is more fully aware of that fact than Senator McMillan. He knows that he could have sent a telegram to Detroit yesterday, that would have caused the adoption of a resolution instructing the delegates at large to support Harrison.

LITTLE PAPER FOR GREENBACKS.

A Fire Destroys Nearly All the Stock the Government Had to Draw Upon.

WASHINGTON, April 15.—The Secretary of the Treasury was to-day notified that the mill at Pittsfield, Mass., where is manufactured the distinctive paper used by the United States Government in printing paper currency, was totally destroyed by fire last night, and that all of the stock of paper, with the exception of 240,000 sheets of one paper and 90,000 sheets of check paper, was burned.

A. P. Huntington, chief of the division of loans and currency, left here for Pittsfield to-day to inspect the ruins, to see that none of the paper which might be found gets into wrong hands, and to make arrangements for the starting of another mill. The stock of paper in the hands of the Department is limited.

Boyer for the Legislature Again.

HARRISBURG, April 15.—[Special.] State Treasurer Boyer may be returned to the House next winter from the Seventh district (Philadelphia), which has been his home for many years. Mr. Boyer is popular in this district, which he represented in the House during the sessions of 1883, 1885, 1887 and 1889. Mr. Boyer is anxious to devote all his time to the practice of his profession at the expiration of his term, but he says he doesn't know what time may bring forth. Personally, he says he has no desire to fill any other public office.

Impartiality as to Cheers.

NORWICH, N. Y., April 15.—At the Chenango County Republican convention, held here to-day, delegates were elected and there were adopted resolutions declaring for protection, reciprocity and the gold standard dollar. The names of Blaine, Harrison, Alger and McKinley were enthusiastically cheered.

Fourteenth District Delegates.

HARRISBURG, April 15.—John E. Fox, of Dauphin, and Jacob Grove, of Lebanon, were elected delegates to the National Republican convention at the conference of the Fourteenth Congressional District this afternoon.

Millholland Must Walk the Plank.

WASHINGTON, April 15.—Secretary Foster yesterday requested the resignation of John E. Millholland, chief inspector of the Immigration Bureau, New York.

Flags Float from Every Schoolhouse.

CONCORD, N. H., April 15.—To-day at 2 P. M. flags were hoisted to the tops of everyone of the 18 public schoolhouses in this city. The day was made a holiday in the public schools and devoted to exercises pertaining to the flag.

FRIENDS FOR A FACT.

Dr. Penrose's Acquaintances Refuse to Believe Him Guilty of EITHER CONSPIRACY OR MURDER.

A Brother of the State Senator and a Man of Excellent Name

IN GREAT TROUBLE IN THE FAR WEST

(SPECIAL TELEGRAM TO THE DISPATCH.)

PHILADELPHIA, April 15.—Dr. Charles Bingham Penrose, who is referred to in dispatches as having been connected with the hands that killed the rustlers or cattle thieves in Wyoming, is one of the best known and esteemed of the younger surgeons of this city. He is a son of the prominent physician, Richard A. F. Penrose, who for a great many years held one of the leading chairs in the University of Pennsylvania's medical department, retiring only a few weeks ago. He is a brother of State Senator Boies Penrose, and two other brothers are well-known engineers.

He took a collegiate course at Harvard, and graduated with the highest honors at that institution, where he was among the most popular students. Upon his return home he studied medicine, graduating with high honors about nine years ago. In the practice of his profession he took front rank, especially in surgery, in which he displayed the utmost enthusiasm, and for

which he has a special talent. He makes a specialty of abdominal surgery, and has performed numerous delicate operations in that line which have won him a fine reputation. Before entering private practice he was a resident physician of the Pennsylvania Hospital.

One of the Best Fellows Living.

To his friends Dr. Penrose has the reputation of being one of the best fellows in the world. He is of fine physique, and has always been an enthusiastic admirer of athletic sports. Rowing is one of his favorite pastimes, but it was his ability as a swimmer that brought his name prominently before the public about two years ago, and indirectly led him into his present embarrassing situation.

In the summer of 1890 Dr. Penrose and Robert Ralston, now Assistant United States District Attorney, performed the remarkable feat of swimming from Philadelphia to Chester, Dr. Penrose winning the race by a few minutes. As the result of this exploit Dr. Penrose was taken ill and his lungs became affected. Finally he was ordered to the far West for the benefit of his health, and has been out there about a year, though he was expected home this spring. Being fond of hunting big game in Wyoming, his friend, Dr. Amos W. Barber, being Governor of the State.

The Doctor's Friends Incredulous.

If it were not a serious matter to have a friend looked up on a charge of murder, even though he be innocent, those who know Dr. Penrose best would be inclined to laugh at such a charge. As matters are they are utterly incredulous, and refuse to believe other than that he has been made a victim of circumstances. His father and brothers are out of town, the former having gone to Fort Monroe, with Senator Boies Penrose, who has just recovered from an attack of measles. Richard A. F. Penrose, Jr., is in Silver City, N. M., with D. M. Barringer, also a friend of Dr. Penrose,

while Spencer Penrose, another brother, is in Boston.

Dr. Orville Horwitz, an intimate friend of the accused physician, was astounded when a reporter told him of the news from Wyoming. "What! Charlie Penrose accused of conspiracy and murder?" he said. "That's impossible. He is the last man on earth to be accused of such a thing. There is not an element in his nature to make such a thing likely. You will find that he has been blamed falsely. He is a man of high and honorable principles and as good-natured a fellow as lives."

Other Friends Won't Believe It.

Colonel Robert Adams, Jr., ex-United States Minister to Brazil, was shocked at the news of Dr. Penrose's arrest, and said that the character of the young physician made it incredible that he could be guilty of any such crime as he is charged with. His reputation, Colonel Adams said, was of the very highest, and there could not possibly be any cause for such an accusation.

Commissioner of Banking, Charles H. Krumpholtz said: "Dr. Penrose's character is beyond reproach, and there is not the least doubt in my mind that his arrest is an outrage. He is a brave, manly fellow, and with instincts far too high to be led into a conspiracy to kill a fellow being. He has a host of friends here who look up to him and admire his character, as well as his professional attainments, which are eminent."

WAITING ON HUGO BLANCK.

Results in the Weir Murder Case Expected Very Soon—Burling Gets Down to Work—Only a Few New Facts Were Developed Yesterday.

Within the next week some decided move will be made in the Gamble Weir poison case. District Attorney Burling is satisfied the late Superintendent of Police was murdered, and he is only waiting a further analysis to tell in just what form the poison was administered. The case is not being dropped by any means and many of Gamble Weir's friends are aiding in the investigation.

Yesterday Commissioner Weir, Harry Fehl and Councilman Thomas McClure were in almost constant consultation with the District Attorney and many witnesses were examined, but just what was found was not given out.

District Attorney Burling, speaking of the case yesterday, said: "There is very little that can be given out for publication at present. We are working hard on the case, and several of the city detectives are aiding us. I am fully satisfied Gamble Weir was poisoned. The report made to me by Prof. Hugo Blanck fully establishes this. He is certain the poison is in greater quantity than ever comes from the embalming fluid. When I asked him for the various forms and the exact quantity of the poisons he said it would require a further analysis. I am only waiting on that report and then we will be ready to do business."

"We have discovered several facts to-day, but as yet they are not connected. In a case of this kind one has to spend much time hunting up trifles. Some of them are of value and others are worthless. There are no fugitives from justice in this case. We simply have the knowledge that a murder has been committed, and it is a case of

M'KEE'S BULLETIN.

If you want LOOSE ROASTED COFFEE go to McKee's for it. I make a specialty of buying the best green coffees and roasting them fresh every few days. My customers appreciate their coffee crisp and warm from the cylinder, rather than the package coffee that has been on the shelves for months, until it is tough, hard to grind and utterly spiritless.

I sell CLEVELAND'S BAKING POWDER for 60c per pound, but I sell a two-pound can of McKee's that has stood the test for ten years, having had the largest sale of any local baking powder, and complaints unheard of. You may submit my baking powder to any chemical test, and you will find it pure and healthy.

Don't forget that I sell flour cheaper than any house in either city. Study the following prices: VanCleeve, finest patent, \$1.35. McKee's Amber, best family, \$1.25. Famous, best family, \$1.25. Buckeye, splendid, \$1.25. Seven pounds Rolled Oats for 25c. Eight pounds Oatmeal for 25c. The biggest bottle of Vanilla in the State for 30c. The size and quality will surprise you. Come and get one.

If you want 20 pounds of Granulated Sugar for \$1, with \$10 worth of goods, come here where you will get good goods and fair play. Send for price list and order by mail. Freight paid on \$10 worth (excepting sugar) to any station.
